

Be a High Tech Entrepreneur

The StartUp_EU Project (Be a High Tech Entrepreneur) project is EU funded and designed to motivate secondary school students by replicating the excitement and creative innovation of a new startup company.

Be A High Tech Entrepreneur

This Project will

- Enhance the ability of young European students to apply creative thinking, curiosity and enquiry, social and communications skills to develop business opportunities.
- Support European teachers to use innovative approaches to teaching entrepreneurship.
- Aid school development, leadership and links with the world of work.
- Help promote creativity, competitiveness, employability and the growth of an entrepreneurial spirit.
- Support the development of innovative ICT-based content, services, pedagogies and practice for lifelong learning.
- Help young people acquire the basic life-skills and competences necessary for their personal development, for future employment and for active European citizenship.
- Improve the quality and increase the volume of partnerships between schools in different Member States.
